

First Aid/CPR/AED Certification

Are your employees ready to assist in an emergency?

This American Heart Association Class Meets the following OSHA Requirement:

At remote locations, provisions must be made in advance for prompt medical attention in case of serious injuries. This may be accomplished by on-the-site facilities or proper equipment for prompt transportation of the injured person to a physician or communication system for contacting a doctor or combinations of these that will avoid unnecessary delay in treatment. There shall be at least 1 employee for every 20 employees at any remote location with training for the administering of emergency first aid.
